- How Learning Toolbox is being used at Physiology 2021
- What is special about a Learning Toolbox ePoster/stack
- Exploring some example ePosters
- Creating an ePoster
- Promoting your ePoster
- Further support available
- Deadline dates
- Anything else?

# Learning Toolbox

*for ePosters*

*How Learning Toolbox is being used for the conference*

*What is special about a Learning Toolbox ePoster/stack*

# What is a Learning Toolbox stack?

Learning Toolbox allows you to create a *collection* of materials (a *stack*) to present to and share your work.

Physiology 2021 is using these stacks as *ePosters*.

Stack = ePoster

# What can you include?

# Viewing ePosters during the conference

The screenshot displays the 'Physiology 2021 Our Annual Conference' ePoster showcase. The header features the conference title, dates (12-16 July 2021), and the The Physiological Society logo. Below the header, a welcome message states: 'Welcome to the Learning Toolbox ePoster showcase. This showcase contains examples of great ePosters made by authors for different conferences. Thank you to these authors for sharing their wonderful work! Find out more about engaging with the showcase ePosters: <https://support.ltb.io/showcase/>'. The interface includes a search bar, 'My history', 'My Favourites', and 'Tags' sections. A navigation bar shows 'Session 1' (2), 'Session 2' (1), and 'Session 3' (1). Four ePoster examples are displayed in a grid:

- A Toolbox for Nurses** by Carlos Martinez. Description: 'How can mobile technology support practice-based learning of nursing students in complex health care settings and create a bridge to their formal education? We report on the first stage of an exploratory study at Universitat Gimbernat (Barcelona) involving 10 volunteer students, their tutor, and the department's placement coordinator.' Tags: Session 2, education, healthcare.
- Agile Co-Design in Healthcare** by Raymond Elferink. Description: 'The topic that this round table will be discussing is co-design of technology enhanced learning resources. What co-creation approaches are used in the TEL community? What are the issues facing co-creation in TEL?' Tags: Session 1, agile, co-design, development, healthcare.
- Analytics of workplace learning** by Gilbert Peffer. Description: 'Our research tells us new things about how people learn in the context of their work, how they share and collaborate with colleagues, and how organisations and cross-organisational networks help scale learning beyond immediate contexts.' Tags: Session 1, analytics, education, learning, workplace.
- Co-design of medical education** by Tamsin Treasure-Jones. Description: 'We are committed to developing innovative & effective technology enhanced learning tools to support our students. The myPAL (my Personalised Adaptive Learning) project is working with students & tutors to co-design different views (visualisations) onto their learning data, which will help them to reflect on & manage their learning.'

All the ePosters will appear on the ePoster showcase within the conference platform.

You will also be able to access the showcase directly here: <https://my.ltb.io/#/showcase/physiology>

Delegates can browse, search for, open and explore the ePosters in this showcase throughout the conference and afterwards.

# Engaging with ePosters on the Showcase

## Search

## View & Interact

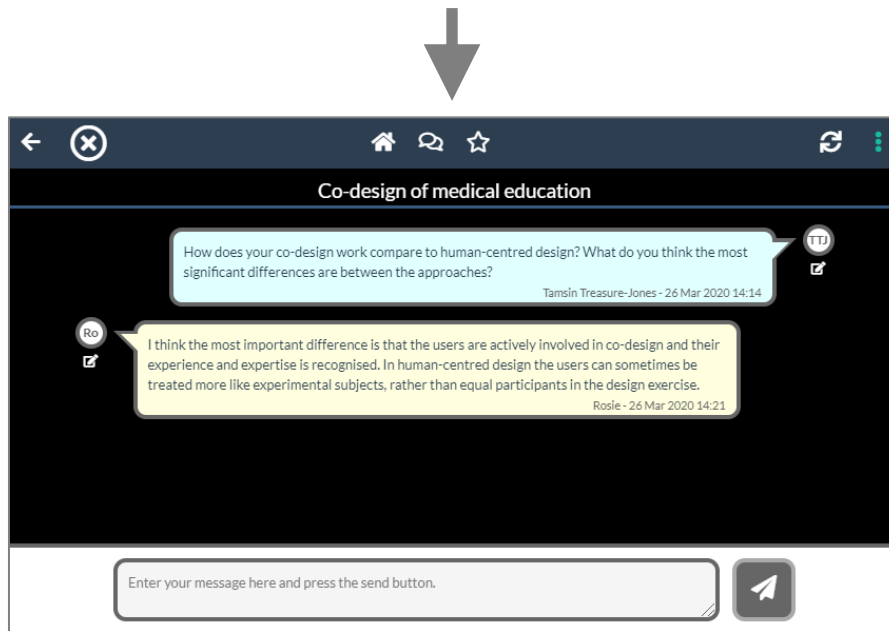

# Connecting with your viewers – Chat

Your ePoster has its own chat channel.

Viewers of your ePoster (and you) will be able to view and engage with this text chat.

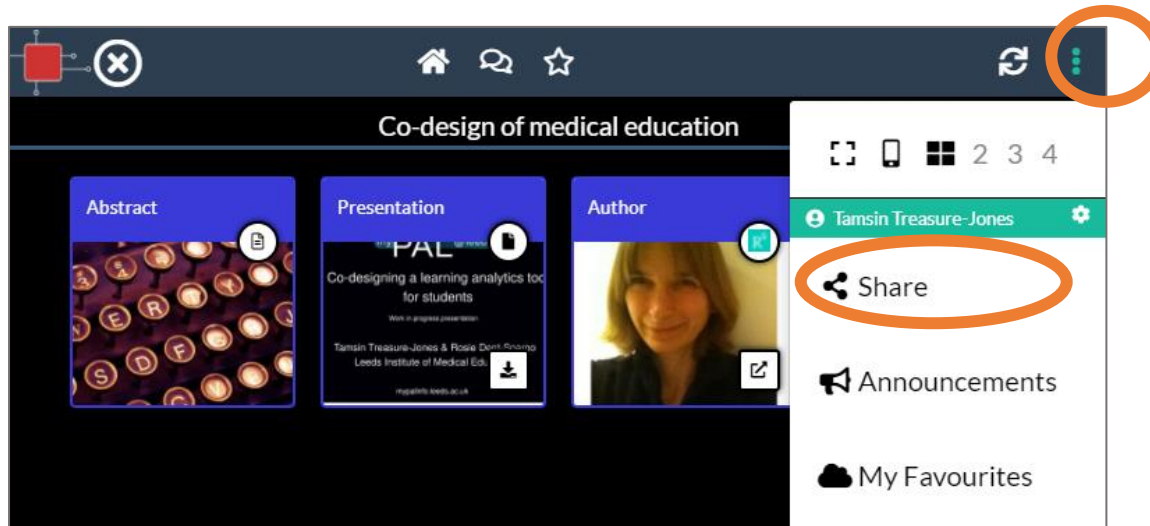

# ePoster sessions in the conference

- Scheduled ePoster sessions will take place during the conference in the conference platform.
- During these sessions you can:
  - Share your screen and present your ePoster
  - Discuss your work with other attendees.

# Sharing your ePoster with others

It is easy to share your ePoster with others.

Your ePoster has its own unique **web address** and **QR code**, which you can copy and use to point people directly to your ePoster.

You can also share your ePoster link to **Twitter**

# Summary – some key benefits

- Richer content
- Discussion attached
- Available throughout the conference
- Updateable
- Easy to share
- Can continue to share and use after the conference

# Learning Toolbox

*for ePosters*

*Creating your ePoster/stack*

# Key steps

Consider what content (presentations, videos, weblinks, documents) you have which presents and explains your work well. Gather that content together ready to include in your ePoster/stack.

1

Activate your invite link and create your account

2

Sign-in to [my.ltb.io](https://my.ltb.io) and create your ePoster/stack

3

The administrator publishes the ePosters to the showcase

4

Delegates can explore & discuss your ePosters

# Creating your ePoster/stack

**Sign in** to Learning Toolbox  
using the account you created/used when you activated your invite link.

<https://my.ltb.io>

# What to include in your ePoster?

Consider what content (presentations, videos, weblinks, documents) you have which presents and explains your work well.

## Suggestions

- A short (video) **introduction** to yourself and your work
- **More detailed presentational material**, for example:
  - Powerpoint presentation
  - Longer video
  - Traditional paper poster / infographic (but consider size and readability)
- **Background material:**
  - *Info on author – link to author professional webpage (e.g. LinkedIn, ResearchGate, Institution)*
  - *Surveys used in the research*
  - *Guidelines or protocols used in the research*
  - *Related papers*
  - *Links to relevant websites*

# Promoting your ePoster and your session

Ideas for how to promote your ePoster and encourage delegates to view it and come to your presentation session:

- Add a Tile to your ePoster clearly telling delegates how they can connect with you at the conference and beyond. Use this to also promote your live session and encourage them to attend.
- Share your ePoster on Twitter and use the conference hashtag
- *Engage with other delegates in the Meeting Hub*
- *Attend other ePoster sessions that are relevant to your work and engage with the presenters*
- *Post questions to other relevant ePosters and engage with their authors*

# Support – tailored emails

This is an opportunity to create a great resource that you can use to showcase your work both at Future Physiology 2020 and beyond. We're really looking forward to seeing what you create!

### Getting Started

Earlier today you should have received an invitation email from Learning Toolbox. **Please click on the invitation link in that email** as soon as possible. If you did not get that email then please check your spam/junk/clutter email folders in case it has been filed in there. If you are presenting multiple ePosters then you will have received multiple invitation emails. You should click on and follow the link in each email to activate that invite.

**If you will not be creating the ePoster/Stack yourself** for an accepted abstract then please forward that invitation email and this welcome email onto your co-author who will be making the ePoster/Stack. Please also ask your co-author to email us (support@stack.services) so that we can add them to this support mailing list.

### Webinar recording now online

Thank you to everyone who took part in the ePosters @ AMEE 2019 webinar on 6th June. It was great to meet you all!

The recording of the webinar and a copy of the presentation used is now available on the [ePosters support page](#).

The webinar covers the same topics as questions 1-3 on the support page, as well as introducing the important dates for AMEE. You can also find the **important dates** listed on the support page.

Please remember that you need to set up a Learning Toolbox account by clicking on the invite link in the welcome email you were sent, before you start to make your own ePoster.

We hope you find the webinar and other support videos useful and enjoy creating your own ePosters. Please do contact us if you have any questions.

### ePosters beyond the Showcase

Thank you to everyone for creating such great ePosters for the [Dentistry Academy of Distinguished Educators Showcase 2020](#). We were very impressed by your creative designs and we hope you will continue to use your ePosters to share and discuss your work after the conference.

#### Your ePoster beyond the conference

You can continue to use your ePoster after the conference to give others a rich overview of your work. You can even edit and update it, if the discussions at the conference led to new ideas for what to include. Alternatively if you do not want your ePoster to be viewable after the Showcase then you can simply change the access permissions and make it private again.

You might find these FAQ answers helpful:

- [How do I favourite my ePoster in the app for easy access](#)
- [How can I share my ePoster - face to face](#)
- [How can I share my ePoster - from my computer](#)
- [How can I download my mini-poster for printing](#)
- [How can I change access permissions on my ePoster](#)

If you have any questions for us about this or any other aspect of continuing to use your ePosters then do email us at support@stack.services

We hope you enjoyed creating and exploring the ePosters.

## Providing regular guidance & reminders

# Important dates

- **4<sup>th</sup> June** Invite link emails sent out
- **28<sup>th</sup> June** Finalise your ePoster/Stack and mark as ready
  -  Ready for printing
  -  Ready to publish
- **1<sup>st</sup> July** ePoster Showcase fully open

Dear Tamsin Treasure-Jones,

**Congratulations on having your ePoster accepted for** Conference name

*Co-designing technology to support student learning*

We're delighted that AMEE 2021 is again using Learning Toolbox for the conference ePosters.

Learning Toolbox allows you to create a collection of material (we call it a Stack) that can be used to present and share your work. At the simplest level you can just add a presentation to your Stack, but the platform allows you to do much more.

The **first** thing that you need to do is to follow the steps below to set-up your Learning Toolbox author account.

**CLICK ON THIS INVITE LINK:** <https://api.ltb.io/show/f+ABISC> **AND THEN**

Sign in with your Learning Toolbox account (if you already have one)  
OR  
Sign in with any of the listed social media accounts (if you choose to do this then this is the account you should always use when signing into Learning Toolbox)  
OR  
Create your own Learning Toolbox account. Click on "I don't have a Learning Toolbox account" and follow the instructions. You will be sent a validation email within a few minutes (check your spam or junk folder if you do not receive it)

We will send a separate email to you very soon including details of how the ePosters will work at AMEE 2021 and the support available to help you get started.

We hope you enjoy creating your ePoster and we look forward to seeing your work presented at AMEE 2021.

Best wishes,  
Tamsin, Roxy, Gilbert, Joseph and Raymond  
The AMEE 2021 ePoster Team

# Creating your ePoster/stack

The screenshot shows the Learning Toolbox website. The navigation bar at the top includes links for Home, Stacks, Create Stack, Support, and Sign in. The 'Sign in' link is circled in orange and labeled with a '1'. The 'Create Stack' link is also circled in orange and labeled with a '2'. Below the navigation bar, the main content area features a 'Welcome to Learning Toolbox' section. This section includes a description of the platform and two main categories: 'Events and Conferences' and 'Education and Training'. Each category has a circular collage of images and a brief description of its use. At the bottom, there is a definition of 'stack' (stāk) n. and its synonyms: ePoster, ePresentation, Research Calling Card, Learning Resource.

## Welcome to Learning Toolbox

Learning Toolbox (LTB) is a software platform that allows people to quickly and easily build their own stacks of interactive and multimedia material and share them with others. LTB is being used in two main contexts:

### Events and Conferences

as an ePoster platform and also as a way for speakers and attendees to easily share their work and build connections.

### Education and Training

as a tool to support work-based learning (project and portfolio work) and as a way of easily sharing learning resources with others.

**stack** (stāk) n.  
1. An orderly collection of multimedia and interactive resources, especially one arranged in layers and responsive to mobile devices. Synonyms: ePoster, ePresentation, Research Calling Card, Learning Resource.

1. **Sign in** to Learning Toolbox <https://my.ltb.io> using the account you created/used when you activated your invite link.
2. Click on **Create Stack**

# The online Learning Toolbox editor

Use the Tile Library to add content to your ePoster/stack.

Remember to Save regularly.
