

Good Morning,

Starting today, July 16th you will have 6 weeks to create your interactive Learning Toolbox ePoster. ePosters will be showcased at the 36th Annual Meeting, September 29 – October 2, 2021 in Boston, MA. The invite and welcome emails were sent out to everyone from Learning Toolbox on July 1, 2021. If you do not see these emails in your inbox, please check your junk or clutter folders.

Please note that each Learning Toolbox ePoster has a unique invite link! If you have multiple accepted ePosters you will receive a separate email and unique invite link for each.

Learning Toolbox allows you to create a Stack of material that can be used to present and share your work online and onsite. At the simplest level you can just add your required presentation to your Stack, but the platform allows you to do much more. The Learning Toolbox (LTB) system allows you to also add videos, website links and more. Through this system, attendees will access your presentation by scanning a QR code with their phone, as well as online through LTB's NASS Showcase webpage. Your presentations are now highly customizable and easily accessible.

Your invite emails were sent from Learning Toolbox (no_reply@ltb.io). All reminder messages, instructions, and help for building your presentations will come directly from the Learning Toolbox Support Team (support@stack.services). Full support and guidance on using Learning Toolbox for NASS are provided on the Support Page <https://support.ltb.io/faq-nass/>

ePoster Requirements

Required Content

- Authors must create and upload a PowerPoint presentation into their LTB stack.
 - Suggested slide limit: 12
- Do not include a title or disclosure slide. NASS will include that in your stack during the Content Review process

Suggested Content

- Recording of your presentation
 - While ePosters don't have presentation time on your program, LTB gives authors flexibility to showcase your work however you choose! Feel free to create a video and add that to your ePoster in Learning Toolbox. Refer to the [Support Page](#) or the Learning Toolbox Support Team for more information.
- Links to social media pages, institutions, etc.
- Links between multiple ePosters
 - If you have more than one ePoster, you can link between them! create a video and add that to your ePoster in Learning Toolbox. Refer to the [Support Page](#) or the Learning Toolbox Support Team for more information.

You can find a demo video, written guide, webinar recording and further information on the [Support Page](#). The Learning Toolbox Support Team are also available to support you while you create your presentation. Please contact support@stack.services with questions.

We look forward to seeing what you create using LTB's innovative system! As always, feel free to contact us with questions.

Thanks,
Brittany
